## SEPTEMBER MEETING

At the September Meeting we had the privilege of initiating Compatriot Edward D. Sullivan, presenting him with his membership certificate and the S.A.R. rosette and welcoming him into the Chapter. We were very pleased to meet his wife, Elizabeth, who was present and we are looking forward to becoming better acquainted with her at future meetings.

The Nominating Committee for our Chapter was appointed by the President in accordance with the By-Laws and consists of  
Chairman Jean Tillman  
Members Matthew B. Sellers III  
Col Guy A. Loomis Jr

The By-Laws call for the immediate Past-President to be the Chairman of the Nominating Committee. However, Immediate Past President Radm John T. Wulff U.S.N.Ret. has been undergoing daily medical treatments and asked to be relieved of this responsibility. Consequently, his predecessor as President, Jean P. Tillman was asked and accepted the office of Chairman. At the October meeting he will present the slate of candidates who will be placed in nomination at the November Meeting. Members who wish to nominate additional candidates may do so at the November meeting.

After our luncheon, we were entertained by Compatriot Joseph S. Rumbaugh's account of the trip made by him and his wife, Louise, this last summer, with special emphasis on the part by train from Paris thru Germany, Poland, Russia and Siberia. His adventures included talking a Paris policeman out of giving him a Jay-walking ticket, the loss of his "110" camera by its skillful, unnoticed removal from his jacket pocket, his difficulty in talking himself out of being arrested for destroying U.S.S.R. government property when he attempted to use a towel to clean the outside window of their compartment in the train. and their appreciation of the facilities of the hotels at two or three cities where they made stops of two or three days before resuming the trip on a following train. At any time, seven east-bound trains are following each other a day's travel apart and seven west-bound trains are following each other a day's travel apart, on the line running thru Russia and Siberia. At the eastern terminal, Joe and Louise were well conditioned to enjoy the accommodations of the passenger ship which took them to Japan.
